ELEVEN COUNTIES ARE NOT IN

Returns of Assessments for the Year Not Yet Made to the Auditor.

WILL DELAY WORK OF EQUALIZATION

Reports Should Have Been Made on Friday That the Clerks Might Have Time for Tabulation.

LINCOLN, July 11.—(Special).—

The following eleven counties in the state have not reported to the auditor their abstracts of assessments: Banner, Boyd, Brown, Cedar, Dodge, Frontier, Grant, Howard, Nemaha, Saunders and Sheridan. The law provides that they shall report said assessment valuation before the 10th of July. The State Board of Equalization meets on the 20th inst., and it is that the clerks in the auditor's office may prepare the lists properly that the limit of time is fixed on July 10. There is no penalty, legally, for non-compliance with the law, but it is supposed that each county clerk will see that such reports are promptly made. As estimated in the auditor's office, there will be a decrease of about \$1,000,000 in the valuation. At the levy, 7 mills, this will result in a decrease of at least \$28,900 in collectable taxes for 1896.

The following order has been issued from the adjutant general's office:

Referring to general order No. 8, series 188, from this office, ordering the Nebraska National Guard into camp at Lincoln, you are informed that the camp will be pitched on the east side of the creek in Lincoln park.

The immediate site selected for the camp affords plenty of shade and is in close proximity to ample drill grounds. Arrangements have been made to supply the camp with water from the city system of water works.

Arrangements have also been perfected for a sufficient supply of wood, straw, forage and the clothing of the Twenty-second Infantry, United States army, will attend the encampment. The presence of these troops with their thoroughly instructed officers and well-drilled men, will be of the greatest benefit to the citizen soldier.

You should at once make requisition for clothing and equipment to be made, which is worn out and absolutely of no further use.

Requisition should also be made for spare parts of the rifle to replace any which may be broken.

These requisitions should be sent to the regimental adjutant for the approval of the colonel.

Special order No. 38 directs the commanding officer of battery A, Nebraska National Guards, to assemble the battery at 8:30 p. m., Saturday, July 13, to elect first and second lieutenants to fill vacancies caused by the expiration of the terms of office of first Lieutenant Alfred McKinney and second Lieutenant Arthur M. Murdoch.

Special order No. 29 directs the commanding officer of Company D, first regiment, Nebraska National Guards, to assemble the company at 8:30 p. m., on the 13th inst., and elect a captain, vice Decker, promoted to be major. Other vacancies are to be filled at the same election. Company F, second regiment, will also assemble at the same hour on the 13th inst. to elect a captain, vice Schumann, promoted to be major, and other vacancies are to be filled at the same election.

Omaha people in Lincoln: At the Lindell-H. C. Rountree, at the Lincoln—Fred J. Adams, Miss Myrtle Coon.

Elba Wedding Bell.
ELBA, Neb., July 11.—(Special).—The wedding of Miss Maude Miller and George Cleland of Beatrice, which occurred at the United Brethren church July 8, was one of the most beautiful though simple ceremonies that was ever witnessed in Elba. The pretty little church was decorated with white tastefully looped with green, while the altar was handsome with cut flowers and potted plants. The church was filled with friends of the contracting parties.

Miss Grace Ferguson at the piano played beautifully to the joyous strains of "Mendelssohn's wedding March." The bridal party entering the church, preceded by the ushers, H. B. Vandercar and W. H. Covey, then followed Miss Ida Cook as bridesmaid and Mr. Henry Ellis as best man, then the bride, who was accompanied to the altar by her brother, George H. Miller. They were met at the altar by the groom, Alexander, who became suspicious of Decker, who was settled down and has ever since been a farm and stock raiser. Decker soon drifted into this neighborhood and went to work on the farm of George Alexander. Alexander soon became suspicious of Decker, whom he thought was too intimate with his wife. This culminated in a family quarrel and finally resulted in a divorce suit in the district court, the details of which were disgusting. At that time public sympathy was almost entirely with Mrs. Alexander and the young licentious Decker soon married a respectable young lady of the neighborhood, a daughter of Al Russell, Thomas Taylor, his companion in his flight from Monroe, Mrs. Alexander died soon after, as many believe, from a broken heart. Decker got \$1,000 from Germany, bought a farm and settled down and has ever since been a hard working, industrious man, until Monday when he went to Russell, his lawyer, to have his divorce annulled. Decker, with Mrs. Alexander, cursed himself, claimed he was unfit to live and departed on foot and has not since been seen. His young wife relates a horrible tale of cruelty and abuse the past two years. Nothing is known of Decker's whereabouts, but should he appear in the city he will be roughly dealt with by an enraged and licensed community.

Special Features Presented by Women of Considerable Prominence.

CRITTE, Neb., July 11.—(Special).—The special features of the day were, according to the program, to be presented by women more or less connected with the Chautauque circle, "Woman Before the Law," a discussion of their legal rights and wrongs, was to have been had by three Lincoln women. They were prevented by sickness from appearing. The place was taken by Miss Chandler, who gave a musical recital. Miss Chandler's songs are popular fresh air ditties that please the people.

Waterville Considerably Excited Over a Domestic Dilemma.

COLUMBUS, Neb., July 11.—(Special).—The neighborhood called Waterville, eighteen miles northwest of this city, is just now enjoying the tail end of a scandal which covers a period of four years. About four years ago Charles Decker, a young German, drifted into this neighborhood and went to work on the farm of George Alexander. Alexander soon became suspicious of Decker, whom he thought was too intimate with his wife. This culminated in a family quarrel and finally resulted in a divorce suit in the district court, the details of which were disgusting. At that time public sympathy was almost entirely with Mrs. Alexander and the young licentious Decker soon married a respectable young lady of the neighborhood, a daughter of Al Russell, Thomas Taylor, his companion in his flight from Monroe, Mrs. Alexander died soon after, as many believe, from a broken heart. VETERANS OF TWO STATES TO MEET Arrangements Being Completed for the Interstate Reunion.

SUPERIOR, Neb., July 11.—(Special).—The interstate reunion to be held here August 10 to 15, inclusive, is to be one of the greatest and most glorious affairs ever held in the state. Today it has been on the boom. The various committees met with Commander Shuler and arranged for the completion of the program. The attractions and entertainments will be more numerous than ever before and all that could be desired. The committee reported that the following list of well-known Grand Army of the Republic speakers will be present: General J. Warren Keifer of Ohio, General John M. Thayer, ex-United States Senator John J. Ingalls, Governor E. N. Morrill, Hon. Dick Blue, Hon. F. B. Dewese, Department Commander Whitney of Kansas, Colonel D. R. Anthony, Department Commander J. H. Bruce, Mrs. Rosalie Condon, president of the Women's Relief Corps, and many others prominent in this state and Kansas will also be here.

Bellevue Children Entertained.

BELLEVUE, Neb., July 11.—(Special).—Miss Edith Wright entertained a number of her friends at a doll party this afternoon. Those present were: Misses Mary Kerr, Beulah, Hazel and Odette White, Maggie Peters, Viola Moore, Ada and Lois Galtrey. Each guest brought a doll. The one that attracted the most attention was fifty years old, dressed in the fashion of a former generation. The crowning event of the afternoon was a doll wedding, which the older people present enjoyed as much as the children.

Governor Holcomb at St. Paul.

ST. PAUL, Neb., July 11.—(Special).—Governor Holcomb was a St. Paul guest today. A great crowd of people of all political affiliations met him at the Union Pacific station with the band and bid him a hearty welcome, after which a public reception was had at the Commercial hotel

Two Accidents at Nebraska City.

NEBRASKA CITY, July 11.—(Special).—Wesley Stevens was terribly wrenched and the knee cap displaced today by jumping from a moving Missouri Pacific freight train. He will be laid up for some time.

Morris Hawley, a young son of H. E. Hawley, was badly burned while playing

with gun powder. A quantity of the powder was prematurely ignited, enveloping him in flames and severely burning his hands and face.

Superior Boy Honored.

SUPERIOR, Neb., July 11.—(Special).—C. E. Adams, son of Colonel C. E. Adams of this city, has recently received an appointment as a cadet at West Point. Although only 19 years of age, he graduated from the State university this year with many honors, receiving the degree of B. A., and was one of three to be recommended by the university for the commission of second lieutenant in the regular army.

Holcomb Speaks at Ord.

ORD, Neb., July 11.—(Special).—Governor Holcomb addressed a large audience on the silver question here today. He was followed by Captain William H. Cunningham, formerly of Kelly's Industrial army, who had dropped into Ord a couple of days ago (on foot), took advantage of the occasion to air his views on the silver question.

Keep Up the School's Standard.

GRAND ISLAND, Neb., July 11.—(Special).—At the adjourned meeting of the board of education last night the action taken at a previous meeting of the board discontinuing the teaching of German and the special teachers of Latin, music and drawing was reconsidered and by a vote of 8 to 1 the board decided not to vote for lowering the standard of the schools.

Durability of Wooden Water Mains.

SCHUYLER, Neb., July 11.—(Special).—A leak in the wooden water mains that was repaired this week, caused the question of their durability to arise. Those who were not sanguine are saying "told you so," but the belief is general that there is no danger of their decay in the time they have been laid, about five years.

Poverty Provokes Suicide.

REYNOLDS, Neb., July 11.—(Special Telegram).—Ephraim Cone, 65 years of age, living with his nephew three miles south of Reynolds, hanged himself to a tree near the house this afternoon. He was not able to work, and the probability of being sent to the poor house is thought to be the cause of the act.

Plenty of Rain in Nebraska.

SUPERIOR, Neb., July 11.—(Special).—Another fine rain commenced early yesterday morning and continued all day. The crops are fast maturing. Corn is practically laid by, wheat, oats and rye are being harvested and are yielding well.

Celebration of a Pioneer.

DUNBAR, Neb., July 11.—(Special).—Mrs. Jane Wilson, one of the oldest settlers, celebrated her first birthday yesterday. Her daughter, Mrs. Elizabeth Westbrock, gave a dinner in honor of the event.

Superior Normal School.

SUPERIOR, Neb., July 11.—(Special).—The normal school now in session here has ended its first week with marked success. About 100 students are enrolled.

QUESTIONS AND ANSWERS.

MURKOCK, Neb., July 7.—To the Editor of The Bee: To what extent is silver a legal tender? Is it a limited amount or in any quantity? G. H. WIEDEMANN.

Ans.—Silver dollars are an unlimited legal tender for all debts unless otherwise specified in the contract.

READY FOR SUBSCRIPTIONS

Committees Appointed to Solicit Stock for the Exposition.

CITY TO BE THOROUGHLY CANVASSED

South Omaha and Council Bluffs to be Represented—\$300,000 in Stock Desired to be Taken at Once.

An important meeting of the board of directors of the Transmississippi and International Exposition was held yesterday afternoon at the Commercial club rooms. The subject under consideration was the matter of ways and means for raising the \$300,000 of stock subscriptions which had been decided upon at the meeting of the stockholders Friday as the amount which must be raised in order to insure the success of the exposition. The directors met at 12:30 and discussed the matter informally while they ate lunch and when lunch had been disposed of a business meeting was held, which lasted all afternoon.

It was decided to classify the population of the city according to occupation and appoint a committee to call upon each line of business or classification and solicit subscriptions. A city directory was called into play and all of the business houses, professional men, salaried men of every class, laboring men, mechanics and, in fact, every man, woman and child in the city, was put under one or another of the several classifications, for which a committee was appointed.

After an animated discussion it was decided that the most effectual manner of getting at the large army of salaried people would be through the heads of the business houses or establishments in which the people are employed. It was the consensus of opinion in the board that every person employed regularly should subscribe for at least one share of stock, the price of which is \$10. The blanks prepared for subscriptions to the stock provide that not more than 10 per cent of the amount subscribed shall be called during the year 1896 and not more than 60 per cent during the year 1897, the entire subscription being conditional upon \$200,000 being subscribed. Each share of stock entitles the subscriber to one vote in a meeting of stockholders.

It was also decided to put South Omaha in a class by itself for the purpose of raising subscriptions, and to do the same with Council Bluffs. The stock yards and packing houses were also put in a class by themselves.

Lucius Wells was designated as a committee of one to look after Council Bluffs; it being understood that the Twin city already has a finance committee, appointed for the purpose, and it was expected by the directors that this committee would take the matter in hand without any further action.

The committee for South Omaha consists of Mayor Ennor, T. J. O'Neil and David Anderson.

COMMITTEES APPOINTED.

The classification as finally decided upon and the committees appointed are as follows, it being provided that the first man named on each committee shall be the chairman of that committee, viz:

TAKING A TRIP UP THE MISSOURI

Three Omaha Men Will Start in a Gasoline Launch.

Mr. Fred Parker of Florence will start on a pleasure excursion up the Missouri river next Wednesday morning, which will embody many unique features. About a month ago Mr. Parker invested in a handsome gasoline launch, and expects to take the trip, in company with W. H. Morris and Charles Huntington of this city. The route as at present outlined, includes the ascent of the Missouri river to the mouth of the Yellowstone, and thence up this water course to the vicinity of the Yellowstone park, where the party will take up their craft and take wagons through the national reserves. The boat, in which the voyage will be taken, is a very graceful one, thirty feet in length, and is equipped with side curtains, which completely enclose the cockpit of the miniature craft, in which the trio will voyage. In rainy weather, these may be closed, drawn, also serving as a protection at night when the cruisers take their repose in the bottom of the boat on rubber mattresses. The purpose of all the trimmings will be to make the trip a comfortable one, and the trip to conduct their business in this respect independent of the people whom they will visit.

Mr. Parker and Mr. Morris have had considerable experience in this line of pleasure voyaging, as a result of a number of canoe trips which they took together in ascending the river and other streams in the state. A large equipment of guns and fishing tackle will be taken along, and many side excursions along the river will be taken in search of the finny and feathered denizens of the region traversed. The boat is capable of making a steady and treacherous Missouri. The return trip will also be made by water, and it is expected that much better time will be made than on the outward bound voyage, as the current, which runs six to eight miles an hour, will considerably assist the small steamer.

HER LIFE SLOWLY EBBING AWAY.

Mrs. McKillop Dying from the Effects of Buras Received.

Mrs. Christina McKillop was yesterday morning dying at her home, 1514 South Third street, as a result of the burns and injuries she received from a gasolene stove accident. The watch by her bedside, who noted with almost a breaking heart the ebb of her life, was the man who had been her husband but three weeks.

The accident, which will result in the death of the unfortunate woman, occurred last Tuesday afternoon at about 5 o'clock. At that hour Mrs. McKillop rushed out of the house, screaming wildly and with her clothing enveloped in flames. The screams called for her assistance a number of women who live in the neighborhood. In their excitement the women were unable to extinguish the flames at once. A bucket of water was thrown over the burning woman, but with little result. Finally, however, the flames were apparently put out, but after she was placed upon a bed, it was discovered that they were still smoldering in her clothing. Physicians were called, but they at once announced that there was no hope for the woman. That portion of her body about the hips and stomach was so badly burned that there was no chance of recovery. She retained a consciousness enough to relate the manner of the accident. She stated that she had lighted a gasolene stove and when she turned away from it her dress caught and overturned it. Before she suspected that her clothing had been set on fire she was in flames.

The neighbors are full of sympathy for the husband who found his wife so terribly injured when he returned home from work. The couple have been married but three weeks.

Shoemakers and their employees—Guy C. Barton, E. W. Nash.

Organized labor and trades unions—Committee to be selected by representatives of organized labor at a meeting to be called for that purpose.

All of the men named on these committees are earnestly requested by the directors to meet at the Commercial club rooms at 12:30 p. m., Monday, for the purpose of consultation and instruction. Every man is urged to make it his especial business to be on hand promptly, as the time is getting very short and the directors desire to have the town thoroughly canvassed this week and the full amount of \$300,000 subscribed. It is expected that this can be done if every man will put his shoulder to the wheel and push it along. Blanks for subscriptions will be provided at that time and a schedule will be agreed upon, including the amount which should be raised by the several classes.

Owing to the shortness of the intervening time, it will be impossible for the secretary to send out formal notices of appointment to the members of committees, and the only notice they will receive will be through the papers.

Mr. W. H. Smith, editor of The Argus, Benton, Pa., recommends a remedy for diarrhoea which he has used with magical effect. "Several weeks ago," he says, "I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after using less than one-third of the contents the results were magical—effecting an entire cure. I heartily and cheerfully recommend the remedy to all suffering from diarrhoea." This remedy is for sale by all druggists.
